Re: Rockaway Borough Well Field Superfund Site, Morris County, New Jersey  
Consent Decree, Civil Action No. 94-320 (HAA)  
Bill for Collection No. 022603T018

Dear Mr. Bode:

The enclosed bill has been prepared by the U.S. Environmental Protection Agency (EPA) for the recovery of "Future Response Costs" as that term is defined in the above-referenced Consent Decree, under the authority of the Comprehensive, Environmental Response, Compensation, and Liability Act of 1980, as amended, 42 U.S.C. 9601 et seq.

Enclosed are a Reconciled SCORPIOS report, a narrative statement describing the costs from the SCORPIOS report which are being recovered in this billing, and a bill for collection (bill #022603T018). The narrative statement represents costs associated with the second operable unit (OU2) Remedial Design for the Rockaway Borough Well Field Site.

You are responsible, under the Consent Decree, for remitting payment in the amount of \$626.39 to EPA within thirty (30) days of receipt of this letter. Owing to a change in Agency procedures, we are requesting that this amount be provided to our account at Mellon Bank, Pittsburgh, Pennsylvania, via electronic funds transfer (EFT) rather than by mail as specified in the Consent Decree.

To make payment via EFT, please provide the following information to your bank:

Amount of payment: \$ 626.39  
Title of Mellon Bank account to receive the payment: EPA  
Account code for Mellon Bank account receiving the payment: 9108544  
Mellon Bank ABA Routing Number: 043000261  
Name of remitter: Alliant Techsystems  
Site identification number: 02-81

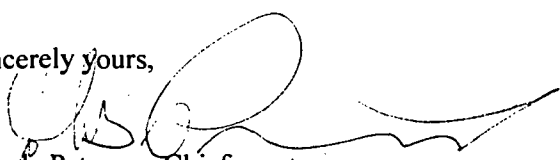

Along with this information, you must instruct your bank to remit payment in the agreed upon amount via EFT to EPA's account with Mellon Bank.

To ensure that your payment is properly recorded, you should send a letter, within one week of the EFT, which references the date of the EFT, the payment amount, the name of the site, the index number of the Consent Decree, and the site identification number (02-81) to me and also to Ms. Frances Zizila, Assistant Regional Counsel, Office of Regional Counsel, 290 Broadway, 17<sup>th</sup> Floor, New York, NY 10007.

The United States reserves its right to recover any costs incurred during the time period covered by this accounting but not included in this billing, and all other and future costs pursuant to the Consent Decree.

If you have any questions regarding this matter or if you are interested in having a conversation or meeting with us to discuss current or future oversight work at the site, please contact Mr. Brian Quinn, of my staff, at (212) 637-4381 within the next two weeks. If you have any legal questions regarding this matter, please contact Ms. Zizila at (212) 637-3135. Thank you for your prompt attention to this matter.

Sincerely yours,

  
for Carole Petersen, Chief  
New Jersey Remediation Branch

Summary of Oversight Costs for the OU2 Remedial Design  
Incurred by EPA  
Rockaway Borough Well Field Superfund Site  
Rockaway, New Jersey

EPA Payroll and EPA Indirect Costs associated with the operable unit two (OU2) Remedial Design (RD) for the Klockner Property July 1, 2001 through August 31, 2002.

Contract Costs associated with the OU2 RD for the Klockner Property from July 1, 2001 through August 31, 2002.

Regional Payroll

This consists of EPA Regional Payroll charges associated with the OU2 RD for the Klockner Property. This includes all costs that EPA incurs in reviewing and developing plans, reports and other items pursuant to the Consent Decree, verifying the work, or otherwise implementing, overseeing, or enforcing the Consent Decree.

\$488.15

Indirect Costs

Indirect Costs are disbursements from the Superfund for the operation and management of the Superfund Program which are not direct costs (e.g. disbursements recorded in individual Superfund site accounts in EPA's financial management system). Indirect costs are allocated to particular Superfund sites by means of a methodology established by EPA Headquarters.

\$138.24

**TOTAL - \$626.39**
